

ENGINEERED  
PRODUCTS

A PAPÉ COMPANY

## Don't Wait Until It's Too Late

Engineered Products offers a wide variety of safety products for your material handling and storage systems. Whether you have a high amount of foot traffic and need pedestrian guard rail and wire mesh for the back of your racking or heavy duty end-of-row protection and column guards for the pallet racking, we offer it all. Contact your Engineered Products Territory Manager today for a recommendation of safety products or a facility walk through to identify racking damage.
